

AC REFRESH KIT

SOLID SHEET

True Brand® AC REFRESH KIT is a comprehensive solution designed to restore and optimize automotive air conditioning systems by combining evaporator core cleaning with a powerful odor-neutralizer. This kit quickly and efficiently removes A/C system contaminants, eliminates odors caused by mold/mildew/bacteria/pets/smoke, and enhances cabin air quality to ensure a fresh, clean, and efficient A/C system for vehicle occupants.

- Neutralizes Odors on Contact.
- Odors Are Eliminated, Not Masked.
- Removes A/C System Contaminants.
- Helps Optimize A/C System Efficiency.
- Fast and Easy Application.
- No Tools or Expensive Machines Needed.

Truth - Application / Directions

- Use in a well-ventilated area.
- Do NOT sit inside the vehicle during application.
- Apply Evaporator Core Cleaner (part# CP6019), following all application instructions on the product label carefully.
- Apply AC Refresh (part# CP625), following all application instructions on the product label carefully.

For best results, perform service annually in conjunction with cabin air filter replacement. Perform follow-up service as needed for persistent odors.

Truth - Features / Benefits

True Brand AC REFRESH KIT quickly and efficiently removes contaminants and eliminates A/C system odors on contact to clean, renew, and optimize automotive air climate control systems without the need for tools or expensive machines.

- Enhances A/C system performance and efficiency for a more comfortable driving experience.
- Eliminates persistent odors, ensuring a fresh and pleasant cabin environment.
- Reduces allergens and contaminants, promoting healthier air quality for vehicle occupants.
