

ENGINE CLEAN PLUS

SOLID SHEET

True Brand® ENGINE CLEAN PLUS is a specially formulated powerful cleaner *ideal for gasoline and diesel engines*. Quickly softens and dissolves oil sludge, gums, and varnish in the engine and removes contaminants, abrasive wear metals, and dirt particles to help improve oil circulation, reduce oil consumption and extend engine life. Removes carbon deposits that clog piston rings and reduce compression.

TRUE BRAND ENGINE CLEAN PLUS is as effective as a ONE Gallon Engine Clean Service. Save Money, Save Time, and Space!

- Reduces Oil Consumption and Improves Oil Circulation.
- Removes Deposits, Gums and Varnish.
- Removes Wear Metal and Dirt Particles.
- Removes Harmful Carbon Deposits That Clog Piston Rings and Reduce Compression.
- Excellent Service for GDI and Diesel Engine Deposits!

Truth - Application / Directions

- Check fluid level. If dipstick shows greater than one quart low, add specified motor oil to bring fluid level to one quart low and replace oil filler cap.
- Remove old oil filter and install new oil filter.
- Add entire contents to engine crankcase.
- Start engine and idle (do not rev) for 8-10 minutes.
- Turn engine off, drain engine oil, and remove used filter.
- Install new oil filter and replace drain plug.
- Fill with new engine oil following vehicle specifications.

For best results, use once a year for preventative maintenance or when vehicle has exceeded recommended oil change service interval time and or mileage.

Truth - Features / Benefits

True Brand ENGINE CLEAN PLUS is as effective as a ONE Gallon Engine Clean Service. The Engine Clean Plus will save you money, save service bay time, and space! It is specially formulated to effectively clean and remove harmful oil system deposits, gums, varnish, abrasive wear metal and dirt particles from your engine's oil system. This helps improve oil circulation, reduce oil consumption and extend engine life!

- Removes harmful carbon deposits that clog piston rings and reduce compression.
- Reduces oil consumption and improves oil circulation.
- Contaminant-removing formula helps clean the PCV system of oily particulates and helps remove intake valve deposits by circulating special additives through the PCV system.
