

UPGRADE FUEL

SYSTEM CLEANER

SOLID SHEET

True Brand® UPGRADE FUEL SYSTEM CLEANER is a concentrated formula designed to aggressively clean harmful carbon deposits, gums and varnishes from vital fuel system components such as Fuel Injectors, Combustion Chambers, and Intake Valves with a proven, advanced formula containing Polyether-amine (PEA) for deep cleaning. Safely removes water through the combustion process and fights the harmful effects of ethanol.

- Concentrated PEA Formula Cleans Harmful Intake Valve (IVD), Injector, and Combustion Chamber Deposits.
- Restores Power and Performance.
- Helps Restore Fuel Economy.
- Reduces Emissions and Octane Requirements.
- Safely Removes Water From Fuel System.
- Protects Against Ethanol Problems.
- Oxygen Sensor and Catalytic Converter Safe.

Safe and Effective for ALL GASOLINE, DIESEL, and FLEX FUEL ENGINES!

Truth - Application / Directions

- **SHAKE WELL.**
- Add entire contents to fuel tank.
- One bottle treats up to 20 gallons of fuel.

For best results, use every 6,000 miles (9,600 km).

Truth - Features / Benefits

True Brand UPGRADE FUEL SYSTEM CLEANER helps maintain fuel system performance and keeps vital fuel system components clean, which allows the engine to operate cleanly and more efficiently with better fuel flow.

- Contains NO alcohol.
- Reduces emissions and octane requirements.
- Helps restore power, performance, and fuel economy.
- Cleans harmful fuel system deposits.
- Safely removes water and fights ethanol problems.
- Helps prevent rust and corrosion build up.
- Will not harm catalytic converter systems or oxygen sensors.
