

PREMIUM DECARB 2-STEP KIT SOLID SHEET

True Brand® PREMIUM DECARB 2-STEP KIT is *designed for performing both S-hook and fuel rail services* to penetrate, dissolve, and remove harmful deposits (carbon, gums, and/or varnishes) on injectors, intake valves, and in combustion chambers. It fights ethanol problems and safely removes water to help prevent rust and corrosion from forming on fuel system components. *Oxygen Sensor and Catalytic Converter Safe.*

- Cleans Harmful Fuel System Deposits.
- Helps Restore Power and Performance.
- Safely Removes Water From Fuel System.
- Protects Against Ethanol Problems.

Safe and Effective for ALL GASOLINE PISTON ENGINES!

Truth - Application / Directions

- Shake True Brand FUEL SYSTEM DECARBONIZER well and apply following instructions on application sheet.
- Shake True Brand UPGRADE FUEL SYSTEM CLEANER well, and add entire contents to fuel tank. One bottle treats up to 20 gallons of fuel.

Truth - Features / Benefits

True Brand FUEL SYSTEM DECARBONIZER is a concentrated formula that penetrates and dissolves harmful deposits that are found on intake valves and combustion chambers. Designed for both S-hook and fuel rail services. When used in fuel rail service, powerful solvents and detergents clean fuel injectors by removing harmful deposits that restrict fuel flow.

True Brand UPGRADE FUEL SYSTEM CLEANER is a concentrated formula designed to effectively clean the fuel system by dissolving harmful carbon deposits, gums, and varnishes. Helps rough idle, stalling, hesitation, power loss, poor fuel mileage, and restricted fuel flow. Helps prevent rust and corrosion from forming on fuel system components. Safely removes water through the combustion process.

- Decarbonizer does not have to be mixed with fuel.
- Can be used in any fuel-injected gasoline engine.
- Not harmful to catalytic converter or oxygen sensor.
- Chemically cleans injectors on engine, avoiding the need for disassembly.
- Can be used in various air or pump-operated injector machines.
