

CVT CLEAN & PROTECT

2-STEP KIT

SOLID SHEET

True Brand® CVT CLEANER is a solvent-free formula that cleans and suspends harmful varnish, sludge, and other contaminants in the transmission system to prepare the transmission system for new fluid.

True Brand® CVT TREATMENT is a multi-vehicle formula engineered to protect & condition the CVT and DCT systems (both high & low viscosity fluids) to enhance performance and transmission life.

Truth - Application / Directions

CVT Cleaner:

- Add contents via the dip stick tube, exchange machine, or in-line tool.
- Run engine in park for 5 minutes.
- Place foot on brake and slowly switch from park to forward to reverse and back to park 3 times.
- Run in park for an additional 5 minutes.
- Perform fluid exchange.

CVT Treatment:

- Add one ounce (29.57 ml) per quart (0.946 L) of fluid via the dip stick tube, exchange machine, or in-line tool.
- Can be added to new fluid after a fluid exchange to increase fluid longevity or to used fluid to replace depleted additives.

For best results, perform transmission service every 30,000 miles (48,000 km) or as recommended by manufacturer.

Truth - Features / Benefits

Save your customers money and protect their continuously variable transmission with True Brand CVT CLEAN & PROTECT 2-STEP KIT. Regular preventative maintenance may save on major repair costs and reduce the possibility of a transmission replacement.

- Cleans, protects, and helps extend CVT/DCT life.
- Suitable for use in most CVT & DCT applications.
- Boosts extreme pressure and anti-wear performance.
- Enhances metal to metal friction performance.
- Compatible with belts, pulleys, wet clutches, rubber seals, electronics & other components.
