

HEAVY-DUTY SYNTHETIC SAE 75W-90 GEAR OIL SOLID SHEET

True Brand® SAE 75W-90 GEAR OIL is recommended for use in differentials, manual transmissions and other gear applications requiring any of the following specifications: API GL-5, J2360, MT-1, MIL-PRF-2105E, Dana SHAES 234 (Formerly Eaton PS-037), Mack GO-J, or other GL-5 based specifications from vehicle manufacturers, including Ford, GM and Chrysler.

Suitable for use in applications that call for SAE 75W-90, 80W-90, or 85W-90 oils.

- Superior Lubrication and Protection.
- Superior Extreme Pressure Performance.
- Increases Drive-Line Efficiency.
- Reduces Gear Noise.

Truth - Application / Directions

- Follow vehicle manufacturer's recommendations for use of product.
- NOTE: While this product contains a proprietary amount of friction modifiers, some limited-slip differentials MAY require a supplemental amount of True Brand Limited-Slip additive.
- Do not mix with other products as they may not be compatible and could result in unsatisfactory performance.

For best results, change gear oil every 15,000 miles (24,000 km), or as recommended by vehicle manufacturer.

Truth - Features / Benefits

True Brand SAE 75W-90 Gear Oil provides superior lubrication and protection from wear, pitting, and corrosion, improves performance in extreme temperatures, reduces both maintenance and operating temperatures, increases driveline efficiency, minimizes gear noise and reduces chattering in limited-slip differentials.

- Reduces gear noise.
- Improves gas mileage.
- Reduces wear metals and contaminants.
- Reduces operating temperature.
