

UNIVERSAL STOP LEAK

SOLID SHEET

True Brand® UNIVERSAL STOP LEAK is a multi-purpose stop leak especially designed to seal leaks caused by normal engine wear and age. True Brand Universal Stop Leak formula restores elasticity, eliminating or reducing the oil leaks with a synthetic seal conditioner.

- Stops Existing Leaks.
- Prevents New Leaks.
- Recommended for ANY Oil Leak.
- Non-Corrosive.
- Will Not Clog or Foam.

Truth - Application / Directions

- **SHAKE WELL**
- Engines: Add entire bottle to crankcase.
- Other Applications: Add 3% of total oil capacity.

Universal Stop Leak can be added to ANY oil. (Engine, Transmission, Power Steering, Rear End, etc.)

Truth - Features / Benefits

True Brand UNIVERSAL STOP LEAK is uniquely formulated multi-purpose stop leak that can be added to ANY oil (engine, transmission, power steering, rear end, etc.). Engineered to seal leaks caused by normal wear and age. Restores elasticity; eliminating or reducing the oil leaks with a synthetic seal conditioner to help stop leaks due to drying, hardening, or shrinking of engine oil seals and gaskets. True Brand UNIVERSAL STOP LEAK contains no particles that will clog oil passages or filters. Most leaks will stop within 150 miles or 3 days of driving.

- Stops leaks.
- Prevents leaks.
- Conditions seals.
- Contains NO chlorine or harmful solvents
