

OIL SYSTEM CLEANER

SOLID SHEET

True Brand® OIL SYSTEM CLEANER is a concentrated detergent that is designed to remove oil system deposits, gums, and varnish. True Brand Oil System Cleaner helps improve oil circulation while extending engine life by removing abrasive wear metal and dirt particles.

- Improves Oil Circulation.
- Removes Deposits, Gums, and Varnish.
- Easy 5-Minute Process.
- Lubricates While It Cleans.

Truth - Application / Directions

- Add entire bottle before changing oil.
- Start vehicle and idle for approximately 5 minutes.
- Change oil and filter per manufacturer directions.

For best results, use True Brand Oil System Cleaner at every oil change.

Truth - Features / Benefits

Oil contamination is known to increase oxidation, resistance to oil flow and deposits. This increases wear and causes reduced engine performance while contributing to expensive engine repair costs. Oil contamination includes dirt, soot, wear metals, fuel, acid, moisture, coolant, etc. This can happen with today's stop-and-go traffic, which is considered to be severe driving conditions.

When changing oil, new oil can absorb remaining contaminants containing sludge, abrasives, etc., and re-circulate them throughout the lubrication system. To help provide clean oil at oil change, True Brand Oil System Cleaner helps improve oil circulation by suspending and removing these contaminants; therefore helps free sticky lifters, piston rings, deposits, and excess oil consumption.

- Helps lubricate while cleaning.
- Save time and money - easy 5 minute process.
- Helps remove loose dirt and wear metal while helping extend engine life.
