

DECARBONIZER

SOLID SHEET

True Brand® DECARBONIZER is a concentrated formula that penetrates and dissolves harmful deposits that are found on intake valves and combustion chambers. Can be used in both S-hook and Fuel Rail Services. When used in fuel rail service, powerful solvents and detergents clean fuel injectors by removing harmful deposits that restrict fuel flow.

- Safe for ALL Gasoline Piston Engines.
- Helps Improve Drivability.
- Restores Injector Spray Pattern.
- Does Not Have to be Mixed with Fuel.

Safe and Effective for ALL GASOLINE PISTON ENGINES!

Truth - Application / Directions

- NOT FOR USE IN ROTARY OR DIESEL ENGINES.
- Oxygen sensor safe.
- Designed for both S-hook and Fuel Rail Service options.
- See application sheet for service directions.
- **SHAKE WELL BEFORE USE.**

For best results, treat engine yearly or every 15,000 miles (24,000 km), whichever comes first.

Truth - Features / Benefits

- Helps improve drivability.
- Restores the injector spray pattern.
- Does not have to be mixed with fuel.
- Helps remove deposits and lower emissions.
- Can be used in any fuel-injected gasoline engine.
- Not harmful to catalytic converter or oxygen sensor.
- Product can be used in various air or pump-operated flush machines.
- Chemically cleans injectors on engine, avoiding the need for disassembly.
- NOT harmful to fuel system components such as gaskets, hoses, o-rings, rubber components, and seals.
