

EXTENDED PERFORMANCE PROTECTION PACKAGE **SOLID SHEET**

True Brand® EXTENDED PERFORMANCE PROTECTION PACKAGE is a 2-step pour-in protection kit that safely cleans fuel injectors, intake valves, and combustion chambers, fights ethanol problems, restores performance and fuel mileage, increases compression, and reduces friction to protect against cold-start damage and extend engine life.

- Helps Restore Power and Performance.
- Helps Restore Fuel Economy by up to 7%.
- Fights Ethanol Problems and Safely Removes Water.
- Increases Compression.
- Reduces Friction Wear and Heat Stress.
- Helps Prevent Oil Breakdown.
- Reduces Oil Consumption.
- Protects Against Cold-Start Damage.

***Safe and Effective for ALL GDI & PFI Gasoline Piston Engines.
NOT for use in E85 Gasoline.***

Truth - Application / Directions

- SHAKE EACH BOTTLE WELL
- Pour entire contents of **FUEL JUELS** into fuel tank.
- During oil change, add entire contents of **ENGINE MAX** to crankcase prior to adding new oil. Do NOT overfill.

For best results, perform this service once yearly.

Truth - Features / Benefits

True Brand EXTENDED PERFORMANCE PROTECTION PACKAGE 2-STEP KIT is formulated to restore fuel mileage by up to 7%, increases compression, and protects against ethanol problems, friction wear, and cold-start damage.

- Cleans fuel injectors, intake valves, and combustion chambers.
- Fights ethanol problems and safely removes water through the combustion process.
- Helps restore fuel mileage up to 7%, tankful after tankful, for up to 6,000 miles!
- Reduces friction wear by 50-90%, as shown by oil analysis.
- Helps prevent oil breakdown and reduces oil consumption.
