

SYNTHETIC POWER STEERING

2-PART MULTI-VEHICLE KIT

SOLID SHEET

True Brand® 2-PART PREMIUM SYNTHETIC POWER STEERING KIT is formulated to be suitable for use in ALL systems requiring power steering fluid. Restores quiet steering control and also protects against friction, heat, wear, oxidation, corrosion, foaming, and clogging. Leave-in treatment helps eliminate squeals and chatter due to sticking components, protects against foaming, and also conditions and protects seals against drying and shrinkage.

Truth - Application / Directions

MANUAL PROCESS:

- Remove old power steering fluid from reservoir.
- Add NEW fluid to "FULL". **DO NOT OVERFILL.**
- Run vehicle 5 to 6 minutes while turning steering wheel to the left and to the right (purging system).
- Add Synthetic Power Steering Treatment (a leave-in protectant) to the power steering reservoir after service is complete.

MACHINE PROCESS:

- Follow machine instructions.
- Drain and Fill. **DO NOT OVERFILL.**
- With NEW fluid turn steering wheel to the left and right to bleed air from system.
- Refill to full. **DO NOT OVERFILL.**
- Add Synthetic Power Steering Treatment (a leave-in protectant) to the power steering reservoir after service is complete.

THE CHOICE OF CHAMPIONS since 1989
