

CVT TREATMENT

SOLID SHEET

True Brand® CVT TREATMENT is a multi-vehicle leave-in treatment formula that is engineered to protect & condition continuously variable (CVT) and dual-clutch (DCT) transmission systems (both high & low viscosity fluids) to enhance performance and extend transmission life.

- Protects and Conditions Transmission.
- Enhances CVT/DCT Performance.
- Suitable for use in most CVT/DCT applications.

Truth - Application / Directions

- Add one ounce (29.57 ml) per quart (0.946 L) of fluid via the dip stick tube, exchange machine, or in-line tool.
- One bottle treats up to 10 quarts of CVT fluid.
- Can be added to new fluid after a fluid exchange to increase fluid longevity or to used fluid to replace depleted additives.

For best results, perform transmission service every 30,000 miles (48,000 km) or as recommended by manufacturer.

Truth - Features / Benefits

Save your customers money and protect their continuously variable transmission with True Brand CVT Treatment. Regular preventative maintenance may save on major repair costs and reduce the possibility of a transmission replacement.

- Suitable for use in most CVT/DCT applications.
- Protects and conditions transmission.
- Boosts extreme pressure and anti-wear performance.
- Enhances metal to metal friction performance.
- Compatible with belts, pulleys, wet clutches, rubber seals, electronics and other components.
