

FULL-SYNTHETIC MULTI-VEHICLE PREMIUM CVT FLUID

SOLID SHEET

True Brand® PREMIUM CVT FLUID is a full-synthetic, multi-vehicle continuously variable transmission (CVT) fluid engineered to be suitable for use in most vehicles with continuously variable transmissions. *True Brand Premium CVT Fluid helps ensure proper CVT performance with NO NEED TO STOCK MULTIPLE OR EXPENSIVE BRANDS!*

- Ensures CVT Performance.
- Superior Friction and Anti-Shudder Performance.
- Superior Metal to Metal Protection.
- Suitable For Use in MOST CVT Applications.

Truth - Application / Directions

- **DO NOT MIX WITH NON CVT FLUID.**
- For use in CVT service fill or top off applications **ONLY.**
- We suggest drain-and-fill to prevent cross-contamination.
- If using transmission machine, designate machine strictly for CVT fluid to prevent cross-contamination. Consult vehicles owners manual for OEM recommended service intervals and fluid capacities. **DO NOT OVERFILL.**

For best results, perform fluid exchange regularly according to vehicle manufacturer recommendations.

Truth - Features / Benefits

True Brand PREMIUM CVT FLUID is formulated with long-life friction modifiers that provide optimal torque transfer, superior metal-to-metal wear and extreme pressure protection. In addition, anti-wear additives provide excellent anti-shudder and superior wet-clutch performance, while extending CVT life. It also contains components that prevent oxidation and protect against thermal breakdown that leads to sludge and varnish build-up. For further information visit our website at www.solidstart.com.

- Shear stable viscosity modifiers.
- Superior metal to metal protection.
- Provides superior wet clutch performance.
- Formulated to provide optimal torque transfer.
- Anti-wear additives provide excellent anti-shudder durability.
