

SYNTHETIC MULTI-VEHICLE

AUTOMATIC TRANSMISSION FLUID PROTECTANT

SOLID SHEET

True Brand® SYNTHETIC MULTI-VEHICLE ATF PROTECTANT is specially engineered to protect transmissions against wear, heat, and stress and also help provide smoother shifting.

- Can be used to enhance Dexron/Mercon ATF to perform like a Highly Friction Modified ATF such as: Chrysler ATF +3 (7176), ATF +4 (9602), Toyota Type T IV, Honda and other HFM fluids.
- Enhances Dexron/Mercon ATF into a highly stable fluid such as MERCON V ATF or DEXRON VI ATF.
- Enhances SYNTHETIC Dexron III/Mercon ATF to perform like Audi, BMW, Jaguar, Land Rover, Lexus, Mercedes Benz, Porsche, and Volkswagen ATFs.

Suitable for use in MOST vehicles with automatic transmissions.

Truth - Application / Directions

- Add one bottle to your automatic transmission fluid with motor running at idle, and transmission in park. For transmissions with a capacity greater than 10 qts, add 1 ounce per quart of ATF.
DO NOT OVERFILL.
- Can also be used as a high-performance top-off.
- Not for use in CVT, Mercon SP, or Ford Type F applications.

For best results, use at every Transmission Fluid Exchange.

Truth - Features / Benefits

Save your customers money and protect their transmission with True Brand SYNTHETIC MULTI-VEHICLE ATF PROTECTANT. Regular preventative maintenance may save on major repair costs and reduce the possibility of a transmission replacement.

- Prevents and instantly stops torque converter shudder and clutch pack chatter.
- Ensures and maintains proper shifts.
- Dramatically reduces wear on internal components.
- Prevents overheating, foaming and oxidation.
- Extends frictional stability and fluid change intervals.
- Superior oxidative and frictional stability.
- Restores older seals to like-new condition.
