

GEAR OIL SUPPLEMENT

SOLID SHEET

True Brand® GEAR OIL SUPPLEMENT is designed to reduce drive train power loss, reduce friction, heat, and wear. Provides high temperature stability and prevents harmful deposits on synchros and gears. Can be used in all manual transmissions, transaxles and final drives that require gear oil.

- For Use in All Manual Transmissions, Manual Transaxles, and Final Drives That Require Gear Oil.
- Leave-in Protectant/Supplement.

Truth - Application / Directions

- Shake WELL.
- Add 3oz. (88.7mL) to each quart (L) of gear oil.
- Add after fluid change.

For best results, change Gear Oil every 15,000 miles (24,000 km), or as recommended by vehicle manufacturer.

Truth - Features / Benefits

- Helps improve manual & synchromesh shifting characteristics.
- Helps reduce tooth drag, absorb shock loads, and lower friction.
- Helps reduce drive train power loss.
- Improves heat transfer and lowers temperature.
- Reduces cold weather stiff shifting.
- Helps increase power transfer & reduce energy consumption.
- Helps lower operating and maintenance costs.
- Safe for manual transmission fluids. Will not attack yellow metals.
