

AEROSOL FUEL & INTAKE

2-PART KIT

SOLID SHEET

True Brand® AEROSOL FUEL & INTAKE 2-PART KIT combines two of our hottest, most aggressive formulas safely clean and attack tenacious hard carbon deposits that build up and choke engine performance. Cleans the fuel system from the gas tank to the exhaust, safely dissolving and removing gums, varnish and carbon deposits. Safe and effective for ALL GDI & PFI gasoline piston engines!

Our proprietary Surface Science Technology provides aggressive 2-stage cleaning to safely remove tenacious hard carbon deposits, varnish, and gums from the upper engine and intake systems.

- Removes Hardened Carbon Deposits.
- Cleans and Lubricates.
- Improves Power and Performance.
- Helps Remove Water.
- Helps Reduce Knocking and Pinging.

Truth - Application / Directions

- Easy s-hook / vacuum source application.
- See application sheet for step-by-step directions.

For best results, use once per year or every 15,000 miles (24,000 km), whichever comes first.

Truth - Features / Benefits

True Brand ADVANCED INTAKE CLEANER is a professional-grade intake system cleaner with Surface Science Technology that removes harmful, performance-robbing upper engine and intake system deposits to restore engine power, performance, and fuel economy. Can be used with any type of fuel injection in gasoline piston engines and is ideal for today's direct injection (GDI) engines

True Brand GDI FUEL SYSTEM CLEANER is specially engineered tested, and proven to provide safe and aggressive 2-stage cleaning for GDI engines from the gas tank to the exhaust, dissolving gums, varnish, and carbon deposits. This formula also lubricates while cleaning, and safely removes water from the fuel system through the combustion process by solubilizing it with the fuel in the tank.
