

USED CAR CARE KIT

REJUVENATE, REVITALIZE, AND PROTECT

THE PROBLEM

Pre-owned vehicles with unknown/neglected maintenance diminishes profit margins, increases the likelihood of test-drive failures, and risks costly post-sale returns. You need every vehicle on your lot to perform at its peak to protect your reputation and ensure customer satisfaction.

THE SOLUTION

True Brand® USED CAR CARE KIT is an all-in-one, pop-n-pour reconditioning package that helps restore and revitalize critical automotive systems. It efficiently transforms an average trade-in into a reliable, front-line-ready vehicle.

THE BENEFITS

Engine MAX:

- Shields engine against friction-wear and cold-start damage.
- Increases compression to restore performance & fuel economy.
- Reduces oil consumption and oil breakdown.
- Helps extend engine life.

UPGRADE Fuel System Cleaner:

- Concentrated PEA formula provides rapid, one-tank cleaning of intake valves, fuel injectors, and combustion chambers.
- Restores power, performance, and fuel economy.
- Reduces emissions and octane requirements.
- Safely removes water and fights ethanol problems.
- Provides top engine lubrication and corrosion protection.
- Safe for ALL gasoline and flex-fuel engines.

THE DIRECTIONS

Add Engine MAX to crankcase prior to adding new oil - do NOT overfill; Add Upgrade FSC to fuel tank - one bottle treats up to 20 gallons. Add ATF Treatment to transmission via transmissison fill tube - do NOT overfill. Add Coolant System Treatment to cooling system. (CAUTION: Do NOT open the cooling system when the engine is hot). Add Synthetic Power Steering Treatment to power steering resevoir (do NOT overfill).

For best results, use as directed to rejuvenate, recondition, and protect used car inventory.

ATF Treatment:

- Helps prevent oxidation, acid formation, and ATF breakdown.
- Reduces friction-wear and heat-stress.
- Helps condition and protect valves and seals.
- Helps extend transmission life.

Cooling System Treatment:

- Superior rust and corrosion protection.
- Protects water pump and metal parts.
- Safe for all types/colors of coolant-antifreeze.

Synthetic Power Steering Treatment:

- Superior friction-reducing protection.
- Reduces foaming and squeal.
- Helps extend power steering system life.

6 kits per case
